**Urgent Call for Action on the part of the EASA**

Madrid, 27<sup>th</sup> November 2021

Dear colleagues,

May I call your attention to what is happening in Australia right now, before our eyes. I mean the [forced confinement in detention camps](#) of Aboriginal peoples from the Northern Territories.

It seems to me that it is high time the EASA takes action and lets the World know about the ongoing genocide, ethnocide indeed. A blatant crime against Humanity.

Yours sincerely,

Andrés Barrera-González
